Dear Mr. Cheslock,

Thanks for your 1/11 and its enclosure.

As a matter of record I would like the Tip O'Neill transcript, thanks.

I knew he held that belief privately and that one of his top assistants was trying to learn more to validate it but those of whom he sought information lived by and believed in theories so O'Neill was never able to get the proof.

Rickey White is of no interest and unless Connally said more than he did in his testimony or in the LIFE and other interviews, thanks for the offer but I won't bother you for that.

Perhaps additional displays of Moore's ignorance and dishonesties would be useful, so I'll appreciate a copy of that one.

Thanks and bes wishes,

Harold Weisberg
